SUMMARY

Full-stack software developer with a strong background in building scalable web applications for mid-sized companies. Proficient in all aspects of the software development lifecycle and skilled in end-to-end project management, from development to delivery. I honed my expertise in technologies such as Ruby on Rails, React, JavaScript, HTML, and CSS, enabling me to craft seamless user experiences. Additionally, I've cultivated a strong foundation in essential soft skills like rapid learning, effective collaboration, clear communication, and successful remote work practices. Eager to leverage my abilities and drive further growth as a Software Engineer.

EXPERIENCE

Full-stack Developer, *Remote*

Self-Employed (Full-time), January 2023 – Present

- Enhanced User Experiences: Implemented responsive web designs that dramatically improved user engagement, resulting in a 20% increase across various devices and screen sizes.
- Client-Centric Collaboration: Cultivated strong client relationships by working closely with them to understand their unique project requirements. Hence, this resulted in an impressive 95% satisfaction rate and fostered numerous repeat business opportunities, showcasing my ability to deliver tailored solutions that align with their objectives.

The Royal Fashion and Design, *Nairobi, Kenya*

Fashion and Design Manager, February 2018 – December 2022

- Develop creative and technical skills in fashion design, utilizing software tools such as Adobe Illustrator and Photoshop.
- Collaborate with designers and staff to deliver high-quality designs and garments, showcasing strong communication and teamwork abilities

EDUCATION

MICROVERSE, January 2023 – Present

Remote Full Stack Web Development Program, Full Time

- Spend over 1300+ hours mastering algorithms, data structures, and full-stack development while developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Develop skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

PARTNER FOR CARE COLLEGE (PFC), January 2018 – December 2020

Diploma in Fashion and Design

- Relevant coursework: Color Theory, Composition, Aesthetics, Garment Construction, Sketching, and Pattern-Making.
- Awards and honours: Best Student of the Year for showcasing garment-making and modelling skills.
